

Moggerhanger Primary School

Vision Statement

At Moggerhanger Primary School, we are passionate about learning and the education of our children. This coming year, as in all the years before it, we will strive for constant growth and improvement with the intention of making the children's time in school inspiring, exciting and purposeful. The children will continue to be placed at the heart of all the decisions that we make and the actions we take. We believe that this approach will enable every child to understand the importance of learning and instil in them a love for learning that is life-long.

We believe that in order for all of our children to reach their full potential we must maintain our high expectations with regards to their academic development from their time in the Early Years through to the end of Year Six and beyond, as well as the social, emotional, physical and behavioural aspects of their growth; we will strive to ensure that there is fair and equal opportunity for all, regardless of ages and stages of development. We want our school to continue to be a place where everyone's individuality, personal achievements and strengths are identified and celebrated; a place where children feel happy, safe, included and able to learn.

We wish to offer an outstanding and innovative primary school provision that positively challenges and supports all children to the end of Year 4, instilling the skills and enthusiasm needed for further success in their secondary education and future lives. We will achieve this through a fully inclusive creative curriculum which will present the children with learning experiences that will meet their individual needs whilst motivating them, promoting independence, filling them with confidence and enabling them to flourish; they will also be able to approach new problems and challenges with positivity, resilience and self-belief.

To further support the wishes detailed above, we also want to offer the children an ever-improving and modernised learning environment that makes it possible to offer a current and ever-evolving curriculum, which will include a continued focus on Computing and the safe use of our new technology at an age-appropriate level. We aim to provide physical surroundings that feel welcoming and enhance the children's learning. This will be helped further by continuing to support children to make positive relationships with a wide range of adults and their peers; a place where all parties feel respected, cared for and listened to and universal values are promoted and cherished...our school will be a place where the voice of all is heard!

At the same time as wanting every one of our children to be successful learners, we also wish for them to be both successful and active members of the community (locally and in the wider world) now and in the future. Therefore, in all aspects of school life, we will continue to work hard in order to help children understand the importance of community spirit, of diversity, of the importance of being tolerant of others and of belonging; ultimately helping them to understand universal values in order that they make the right choices in life and are positive citizens. We aim to model effective citizenship by working closely with a range of partners, including the children's parents and guardians, colleagues from other schools and those in the local and global communities; learning from them in order to achieve ever improving outcomes for children. Our environment will encourage all adults to continue as learners; they will be given the opportunity to develop their skills and expertise, working with colleagues and peers from across the community - thus, improving outcomes for all of our children. We will warmly welcome all stake holders into our school and we will be committed to forging positive relationships with them. We will also consider the contributions that Lark Rise can make to the community and the world and give children the opportunity to make a difference...they are, after all, the future!

To achieve all of this is to provide an outstanding education for every child; this is the basis of our vision.

Vision Statement for the Children

At Moggerhanger Primary School we aim to:

Help children understand how important learning is inside and outside of the classroom

Make children's time in our primary school amazing, fun and challenging; helping them to love learning forever and be confident and independent learners

Help those children who are moving on to a new school feel comfortable, confident and well prepared for later life

Offer children excellent opportunities to learn through a current, ever-changing curriculum, including even more of a focus on Computing and the safe use of technology

Encourage every child and help them to be the best they can possibly be in all they do

Help children understand what they need to do to improve in their learning and to achieve their targets

Celebrate all children's uniqueness, successes and individual gifts and talents – help them to be proud of themselves

Help children to participate positively in competitive situations and feel comfortable regardless of the outcome

Offer children a place where they can feel happy, safe, included and able to learn

Offer children a place where they can enjoy time with their friends and where they can develop lots of new relationships with other children and staff

Provide a safe, engaging and exciting learning environment where children can have fun

Provide a place where everybody is tolerant and understanding of others and where everybody feels respected, cared for and listened to

Work together with the children's families in order to offer children the best possible experience in school

Work with other schools, the community and the wider world in order to help children understand universal values so that they can be good people and positive citizens of the future

To achieve all of this is to provide an outstanding education for every child; this is the basis of our vision.
