

VALUES & ETHOS

Our value and ethos are at the core of everything we do. They underpin our teaching and learning and provide a stimulating learning environment, which prepares our children to be confident, happy and resilient.

We have established a high standard of behaviour and conduct in and around the school, which our children adhere to, both in the classroom and out in the community.

Our expectations are based on key characteristics and values that we feel our children should have and display at all times, to support their achievement and create a safe and secure environment in which they can thrive, whilst facing challenges to help them progress:

- Be honest
- Listen carefully
- Be kind and helpful
- Work hard
- Be caring and considerate of others
